

Be Real Class 03: Writing Original Metaphors

be real

WRITE YOUR OWN METAPHOR

Select an item you'd like to describe:

What qualities does it have? Brainstorm here (i.e., is it useful? does it fly? does it shine? does it have a smell?) Jot down whatever comes to mind.

What are some other, different, items that have these same qualities?

be real

Make comparisons between your original object and to your comparing object. Try to develop a metaphor from this.
